SUMMARY

Enthusiastic Third-Year Electronics & Computer Engineering student with a strong interest in DevOps, Cloud Computing, and Linux-based systems. Skilled in Linux, Git, Python, SQL, and web technologies, with hands-on experience through academic and personal projects. Currently learning Docker, Jenkins, and CI/CD practices while seeking opportunities to gain practical industry experience and contribute to real-world technology solutions.

EDUCATION

Bachelor of Electronics & Computer Engineering

MIT COLLEGE , Chh. Sambhajinagar

Sep 2023 - Present

HSC (12th Science)

RBA Junior College, Pune

Sep 2021 - Mar 2023

SSC (10th)

Rosary School , Pune

2021

SKILLS

- Linux
- Git & GitHub
- Vagrant
- Python
- SQL
- HTML , CSS
- JavaScript
- Docker (Learning)
- Jenkins (Learning)
- CI/CD Fundamentals

Tools & Platforms

- Git
- GitHub
- VS Code
- Linux
- Vagrant

PROJECTS & TECHNICAL EXPERIENCE

AutomaticDoorOpening &ClosingSystem–Built using Arduino Uno and IR sensors.

Study Planner Website – Designed a personal planner website with features like localStorage saving, dark mode toggle, PDF export, and task reordering.

Dockerized Portfolio Website – Containerized a personal portfolio website using Docker and managed source code through GitHub.

CI/CD Pipeline using GitHub Actions – Implemented an automated CI/CD workflow for build and deployment using GitHub Actions.

Deploy Cloud Native Monitoring Application on Kubernetes(ongoing)

Leadership & Activities

- **Event Head, IETE Student Forum** – Led planning and execution of technical and student engagement activities.
- **Technical Fest Coordinator** – Coordinated college technical fest including hackathon, gaming, and sports events.
- **National Level Hackathon Coordinator** – Assisted in organizing hackathon activities and participant management.
- **Volunteer Startup Competition** – Supported event operations and participant coordination.
- **Volunteer & Participant, RTL Schematic Design Workshop** – Contributed to workshop organization and technical sessions.

Workshops & Technical Participation

- **RHA Day (Red Hat Academy)** – Linux & DevOps Fundamentals.
- **Google Cloud: Generative AI (GDG on Campus)** – Google Cloud and Generative AI applications.
- **Data Science Decoded (GDG on Campus)** – Power BI, Python, and Pandas.
